BETTER BUTTER MOMENTS

About us

Van Ballegooijen Foods processes cream into high-quality milk fat and dough products and finds its origin in the dairy trade. Our production companies Royal VIVBuisman and D. van der Pol en Zonen BV were established in the nineteenth century and have gained an excellent reputation over the years. As a family business, we have a regal view on business. This means that we are responsible, reliable and courteous. We have our minds set on the future but also follow current developments closely.

The shared passion and drive to achieve goals together is what started Van Ballegooijen Foods and helps us distinguish ourselves today. That is why we say, "It works together."

Our way to success

Inextricably linked to our origin is the unique taste of our Dutch butter. Because of our Dutch business spirit, we are always looking for opportunities to grow our business. We focus on developing products with excellent taste and functionality. This is how we offer our customers unique products. This gives them the opportunity to make a difference in their market. Our dream is to allow this company to flourish across generations.
